	DOCUMENT REF: FSP	NO./ISSIED ON: 1/5.6.2025
	FOOD SAFETY POLICY	

Rhodes, March 27, 2026

The Management of the company Colossos S.A. (the “Company”), which owns and operates the Rodos Park 5* Hotel (the “Hotel”), is committed to ensuring the safety of the food provided to hotel guests through the development and implementation of a Food Safety Management System, as well as to its continuous improvement.

The primary objective is to provide safe food and achieve customer satisfaction, which is accomplished through continuous improvement and the active participation of all employees.

The Company’s Management is committed, through the implementation of the Food Safety Management System, to complying with all applicable food safety requirements, including legal and regulatory requirements, as well as mutually agreed customer requirements related to food safety. It also commits to taking all necessary measures for the implementation of the food safety policy, strict adherence to the requirements of the ISO 22000 standard, the review of the system, and its correction and continuous improvement.

Furthermore, it is committed to timely internal and external communication with all interested parties, including the competent authorities, in the event of an issue that may compromise food safety, as well as to the continuous training, education, and motivation of staff on food safety matters.

This policy is available to all interested parties for their information.

The policy will be reviewed annually to ensure its ongoing suitability.

Sincerely,

The Company’s Management
Colossos S.A.
